CRAIG S. BARNARD AMERICAN INN OF COURT LIV

Mentor Group Report Form

Pupilage Group:	Date:
-----------------	-------

We need to monitor the mentoring program so that we can measure our efforts, successes, and shortcomings. We want to know the nature and degree of mentoring activity that has taken place in your group. Please take a minute and have the members of your group answer the following questions. Be honest. If there has been no activity, or if you have criticism, suggestions, comments, etc., we want to know. Of course, positive comments and success stories are always welcome. Since your last report:

- 1. First, state the number of mentoring meetings (formal or informal) that occurred in which members of your group participated:
- 2. Next, give specific details about each meeting, including the following information:
 - a) Names of participating members (or the number of the participants at the meeting);
 - b) The setting (office, lunch, courthouse, drinks after work, etc.);
 - c) The topics discussed at the meeting (again, specifics are preferred but topics can be described generally, if necessary); and
 - d) Comments or insights about the meeting (whether it was helpful, solved a problem, solidified relationships, seemed a waste of time, etc.); legal questions or concerns raised by group members; special techniques or teaching tools used.
